AMENDMENTS TO THE SPECIFICATION

Please delete the ABSTRACT and replace with the following replacement ABSTRACT.

The present invention is directed to pharmaceutical compositions ~~which comprise~~ containing from about 55% to about 90%, by weight of the composition, of highly concentrated pharmaceutical active and from about 0.001% to about 1.00% by weight of the composition, of a stabilizing agent suspended in a solvent. These pharmaceutical compositions are suitable for encapsulation within soft gelatin capsules having improved stability. The stabilizing agents of the present invention provide stable soft gelatin capsules, particularly soft gelatin capsules that contain liquid pharmaceutical compositions that contain suspended highly concentrated active ingredients.
